AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 494 by replacing everything after the enacting clause with the following:

"Section 5. The Plat Act is amended by changing Section 1 as follows:

(765 ILCS 205/1) (from Ch. 109, par. 1)

Sec. 1. (a) Except as otherwise provided in subparagraph (b) of this Section whenever the owner of land subdivides it into 2 or more parts, any of which is less than 5 acres, he must have it surveyed and a subdivision plat thereof made by an Illinois Registered Land Surveyor, which plat must particularly describe and set forth all public streets, alleys, ways for public service facilities, ways for utility services and community antenna television systems, parks, playgrounds, school grounds or other public grounds, and all the tracts, parcels, lots or blocks, and numbering all such lots, blocks or parcels by progressive numbers, giving their precise dimensions. There shall be submitted simultaneously with the subdivision plat, a study or studies which shall show topographically and by profile the elevation of the land prior to the commencement of any change in elevations as a part of any phase of subdividing, and additionally, if it is contemplated that such elevations, or the flow of surface water from such land, will be changed as a result of any portion of such subdivision development, then such study or studies shall also show such proposed changes in the elevations and the flow of surface water from such land. The topographical and profile studies required hereunder may be prepared as a subsidiary study or studies separate from, but of the same scale and size as the subdivision plat, and shall be prepared in such a manner as will permit the topographical study or studies to be used as overlays to the subdivision plat. The plat must show all angular and linear data along the exterior boundaries of the tract of land divided or subdivided, the names of all public streets and the width, course and extent of all public streets, alleys and ways for public service facilities. References must also be made upon the plat to known and permanent monuments from which future survey may be made and the surveyor must, at the time of making his survey, set in such manner that they will not be moved by frost, good and sufficient monuments marking the external boundaries of the tract to be divided or subdivided and must designate upon the plat the points where they may be found. These monuments must be placed at all corners, at each end of all curves, at the point where a curve changes its radius, at all angle points in any line and at all angle points along a meander line, the points to be not less than 20 feet back from the normal water elevation of a lake or from the bank of a stream, except that when such corners or points fall within a street, or proposed future street, the monuments must be placed in the right of way line of the street. All internal boundaries, corners and points must be monumented in the field by like monuments as defined above. The county in which the land is located may require that the surveyor provide geodetic survey horizontal control values for a minimum of 2 opposing corners of the subdivision that are permanently monumented. Horizontal control values must be provided in the Illinois State Plane Coordinate System in the zone as defined by each county and referenced on the plat. Each county may specify levels of positional accuracy for the horizontal control values of the subdivision corners to be measured by the surveyor; State standards, when developed, shall determine those levels of accuracy. The county may also require vertical control values referenced to a statewide datum for a minimum of 2 opposing corners of the subdivision that are permanently monumented. These monuments 2 of which must be of stone or reinforced concrete and must be set at the opposite extremities of the property platted, placed at all block corners, at each end of all curves, at the points where a curve changes its radius, and at all angle points in any line. All lots must be monumented in the field with 2 or more monuments.

The monuments must be furnished by the person for whom the survey is made and must be such that they will not be moved by frost. If any city, village or town has adopted an official plan, or part thereof, in the manner prescribed by law, the plat of land situated within the area affected thereby must conform to the official plan, or part thereof.

(b) Except as provided in subsection (c) of this Section, the provisions of this Act do not apply and no subdivision plat is required in any of the following instances:

1. The division or subdivision of land into parcels or tracts of 5 acres or more in size which does not involve any new streets or easements of access;
2. The division of lots or blocks of less than 1 acre in any recorded subdivision which does not involve any new streets or easements of access;
3. The sale or exchange of parcels of land between owners of adjoining and contiguous land;

4. The conveyance of parcels of land or interests therein for use as a right of way for railroads or other public utility facilities and other pipe lines which does not involve any new streets or easements of access.;

5. The conveyance of land owned by a railroad or other public utility which does not involve any new streets or easements of access.;

6. The conveyance of land for highway or other public purposes or grants or conveyances relating to the dedication of land for public use or instruments relating to the vacation of land impressed with a public use.;

7. Conveyances made to correct descriptions in prior conveyances.

8. The sale or exchange of parcels or tracts of land following the division into no more than 2 parts of a particular parcel or tract of land existing on July 17, 1959 and not involving any new streets or easements of access.

9. The sale of a single lot of less than 5 acres from a larger tract when a survey is made by an Illinois Registered Land Surveyor; provided, that this exemption shall not apply to the sale of any subsequent lots from the same larger tract of land, as determined by the dimensions and configuration of the larger tract on October 1, 1973, and provided also that this exemption does not invalidate any local requirements applicable to the subdivision of land.

Nothing contained within the provisions of this Act shall prevent or preclude individual counties from establishing standards, ordinances, or specifications which reduce the acreage minimum to less than 5 acres, but not less than 2 acres, or supplementing the requirements contained herein when a survey is made by an Illinois Registered Land Surveyor and a plat thereof is recorded, under powers granted to them.

(c) However, if a plat is made by an Illinois Registered Surveyor of any parcel or tract of land otherwise exempt from the plat provisions of this Act pursuant to subsection (b) of this Section, such plat shall be recorded. It shall not be the responsibility of a recorder of deeds to determine whether the plat has been made or recorded under this subsection (c) prior to accepting a deed for recording. HOUSE BILL 847. Having been read by title a second time on March 20, 2003, and held on the order of Second Reading, the same was again taken up.

The following amendments were offered in the Committee on Executive, adopted and printed.

AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 847 by replacing everything after the enacting clause with the following:

"Section 5. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 23.1 as follows:

(70 ILCS 210/23.1) (from Ch. 85, par. 1243.1)

Sec. 23.1. Affirmative action. (a) The Authority shall, within 90 days after the effective date of this amendatory Act of 1984, establish and maintain an affirmative action program designed to promote equal employment opportunity and eliminate the effects of past discrimination. Such program shall include a plan, including timetables where appropriate, which shall specify goals and methods for increasing participation by women and minorities in employment by the Authority and by parties which contract with the Authority. The Authority shall submit a detailed plan with the General Assembly prior to September 1 of each year. Such program shall also establish procedures and sanctions (including debarment), which the Authority shall enforce to ensure compliance with the plan established pursuant to this Section and with State and federal laws and regulations relating to the employment of women and minorities. A determination by the Authority as to whether a party to a contract with the Authority has achieved the goals or employed the methods for increasing participation by women and minorities shall be determined in accordance with the terms of such contracts or the applicable provisions of rules and regulations of the

Authority existing at the time such contract was executed, including any provisions for consideration of good faith efforts at compliance which the Authority may reasonably adopt.

(b) The Authority shall adopt and maintain minority and female owned business enterprise procurement programs under the affirmative action program described in subsection (a) for any and all work undertaken by the Authority. That work shall include, but is not limited to, the purchase of professional services, construction services, supplies, materials, and equipment. The programs shall establish goals of awarding not less than 25% of the annual dollar value of all contracts, purchase orders, or other agreements (collectively referred to as "contracts") to minority owned businesses and 5% of the annual dollar value of all contracts to female owned businesses. Without limiting the generality of the foregoing, the programs shall require in connection with the prequalification or consideration of vendors for professional service contracts, construction contracts, and contracts for supplies, materials, equipment, and services that each proposer or bidder submit as part of his or her proposal or bid a commitment detailing how he or she will expend 25% or more of the dollar value of his or her contracts with one or more minority owned businesses and 5% or more of the dollar value with one or more female owned businesses. Bids or proposals that do not include such detailed commitments are not responsive and shall be rejected unless the Authority deems it appropriate to grant a waiver of these requirements. In addition the Authority may, in connection with the selection of providers of professional services, reserve the right to select a minority or female owned business or businesses to fulfill the commitment to minority and female business participation. The commitment to minority and female business participation may be met by the contractor or professional service provider's status as a minority or female owned business, by joint venture or by subcontracting a portion of the work with or purchasing materials for the work from one or more such businesses, or by any combination thereof. Each contract shall require the contractor or provider to submit a certified monthly report detailing the status of that contractor or provider's compliance with the Authority's minority and female owned business enterprise procurement program. The Authority, after reviewing the monthly reports of the contractors and providers, shall compile a comprehensive report regarding compliance with this procurement program and file it quarterly with the General Assembly. If, in connection with a particular contract, the Authority determines that it is impracticable or excessively costly to obtain minority or female owned businesses to perform sufficient work to fulfill the commitment required by this subsection, the Authority shall reduce or waive the commitment in the contract, as may be appropriate. The Authority shall establish rules and regulations setting forth the standards to be used in determining whether or not a reduction or waiver is appropriate. The terms "minority owned business" and "female owned business" have the meanings given to those terms in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

(c) The Authority shall adopt and maintain an affirmative action program in connection with the hiring of minorities and women on the Expansion Project and on any and all construction projects undertaken by the Authority. The program shall be designed to promote equal employment opportunity and shall specify the goals and methods for increasing the participation of minorities and women in a representative mix of job classifications required to perform the respective contracts awarded by the Authority.

(d) In connection with the Expansion Project, the Authority shall incorporate the following elements into its minority and female owned business procurement programs to the extent feasible: (1) a major contractors program that permits minority owned businesses and female owned businesses to bear significant responsibility and risk for a portion of the project; (2) a mentor/protege program that provides financial, technical, managerial, equipment, and personnel support to minority owned businesses and female owned businesses; (3) an emerging firms program that includes minority owned businesses and female owned businesses that would not otherwise qualify for the project due to inexperience or limited resources; (4) a small projects program that includes participation by smaller minority owned businesses and female owned businesses on jobs where the total dollar value is \$5,000,000 or less; and (5) a set-aside program that will identify contracts requiring the expenditure of funds less than \$50,000 for bids to be submitted solely by minority owned businesses and female owned businesses.

(e) The Authority is authorized to enter into agreements with contractors' associations, labor unions, and the contractors working on the Expansion Project to establish an Apprenticeship Preparedness Training Program to provide for an increase in the number of minority and female journeymen and apprentices in the building trades and to enter into agreements with Community College District 508 to provide readiness training. The Authority is further authorized to enter into contracts with public and private educational institutions and persons in the hospitality industry to provide training for employment in the hospitality industry.

(f) McCormick Place Advisory Board. There is created a McCormick Place Advisory Board composed

as follows: 2 members shall be appointed by the Mayor of Chicago; 2 members shall be appointed by the Governor; ~~3~~ 2 members shall be State Senators appointed by the President of the Senate; 2 members shall be State Senators appointed by the Minority Leader of the Senate; ~~3~~ 2 members shall be State Representatives appointed by the Speaker of the House of Representatives; and 2 members shall be State Representatives appointed by the Minority Leader of the House of Representatives. ~~The terms of all previously appointed members of the Advisory Board expire on the effective date of this amendatory Act of the 92nd General Assembly.~~ A State Senator or State Representative member may appoint a designee to serve on the McCormick Place Advisory Board in his or her absence.

A "member of a minority group" shall mean a person who is a citizen or lawful permanent resident of the United States and who is

- (1) Black (a person having origins in any of the black racial groups in Africa);
- (2) Hispanic (a person of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race);
- (3) Asian American (a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); or
- (4) American Indian or Alaskan Native (a person having origins in any of the original peoples of North America).

Members of the McCormick Place Advisory Board shall serve 2-year terms and until their successors are appointed, except members who serve as a result of their elected position whose terms shall continue as long as they hold their designated elected positions. Vacancies shall be filled by appointment for the unexpired term in the same manner as original appointments are made. The McCormick Place Advisory Board shall elect its own chairperson.

Members of the McCormick Place Advisory Board shall serve without compensation but, at the Authority's discretion, shall be reimbursed for necessary expenses in connection with the performance of their duties.

The McCormick Place Advisory Board shall meet quarterly, or as needed, shall produce any reports it deems necessary, and shall:

- (1) Work with the Authority on ways to improve the area physically and economically;
- (2) Work with the Authority regarding potential means for providing increased economic opportunities to minorities and women produced indirectly or directly from the construction and operation of the Expansion Project;
- (3) Work with the Authority to minimize any potential impact on the area surrounding the McCormick Place Expansion Project, including any impact on minority or female owned businesses, resulting from the construction and operation of the Expansion Project;
- (4) Work with the Authority to find candidates for building trades apprenticeships, for employment in the hospitality industry, and to identify job training programs;
- (5) Work with the Authority to implement the provisions of subsections (a) through (e) of this Section in the construction of the Expansion Project, including the Authority's goal of awarding not less than 25% and 5% of the annual dollar value of contracts to minority and female owned businesses, the outreach program for minorities and women, and the mentor/protege program for providing assistance to minority and female owned businesses.

AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 1532 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Interagency Coordinating Committee on Transportation Act.

Section 5. Findings; purpose. The General Assembly finds that safe, reliable, and convenient transportation to and from (i) work and related destinations such as child care and education, (ii) medical appointments and related destinations such as a pharmacy, and (iii) ancillary services necessary to the health, well-being, and independence of the family such as grocery shopping, adult day services, and

pharmacy related services are extremely important in the ability to find and retain employment and insure the continued independence and well-being of all citizens of Illinois, particularly in the lower income sectors of the economy. For many people, these transportation needs are not met by existing mass transit. In a national survey by the University of Illinois at Chicago of over 500 riders of 23 federally funded community transportation projects under the Job Access and Reverse Commute (JARC) program across the nation, 68% of riders indicated that they would not be able to reach their employment without this service. Furthermore, the national evaluation of the JARC program by the General Accounting Office illustrates that 65% of all projects have extended existing fixed routes by schedule or location as well as created connections to existing services. This creates a need for innovative transportation to work strategies that fit within local circumstances in Illinois. Many localities around Illinois do not have the resources or the expertise to develop and support innovative transportation options. Localities need access to technical assistance both in designing programs and in accessing various sources of State and federal funds. Illinois also leaves substantial federal transportation funds unclaimed because of the failure to put forward projects to use the funds. Thus, Illinois would benefit from an Interagency Coordinating Committee to set priorities for improving access to transportation for the transportation disadvantaged. The General Accounting Office has found in its evaluation that interagency collaboration has informed transit agencies of how to better serve low-income communities by knowing where jobs are located and a system of supports are found. Illinois would also benefit from a unified State process to apply for federal transportation assistance for innovative transportation to work projects and strategies and for identifying the matching funds necessary to access that federal assistance. The purpose of this Act is to establish the Interagency Coordinating Committee on Transportation.

Section 10. Definitions. As used in this Act:

(1) "Agency" means an official, commission, authority, council, department, committee, division, bureau, board, or any other unit or entity of the State, a municipality, a county, or other local governing body or a private not-for-profit transportation service providing agency.

(2) "Committee" means the Illinois Coordinating Committee on Transportation.

(3) "Coordination" means the arrangement for the provision of transportation services to the transportation disadvantaged in a manner that is cost-effective, efficient, and reduces fragmentation and duplication of services.

(4) "Transportation disadvantaged" means those persons who, because of physical or mental disability, income status, age, location of residence, or other reasons are unable to transport themselves or to purchase affordable transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities.

Section 15. Committee. The Illinois Coordinating Committee on Transportation is created and shall consist of the following members:

(1) The Governor or his or her designee.

(2) The Secretary of Transportation or his or her designee.

(3) The Secretary of Human Services or his or her designee.

(4) The Director of Aging or his or her designee.

(9) A representative of centers for independent living.

(10) A representative of the Illinois Public Transportation Association.

(11) A representative of an existing transportation system that coordinates and provides transit services in a multi-county area for the Department of Transportation, Department of Human Services, Department of Commerce and Community Affairs, or Department on Aging.

(12) A representative of a statewide organization of rehabilitation facilities or other providers of services for persons with one or more disabilities.

(13) A representative of a community based organization.

(14) A representative of the Department of Public Health.

(15) A representative of the Rural Partners.

(16) The Director of Employment Security or his or her designee.

(17) A representative of a state-wide business association.

(18) A representative of the Illinois Council on Developmental Disabilities.

The Governor shall appoint the members of the Committee other than those named in paragraphs (1) through (6) and paragraph (16) of this Section. The Governor or his or her designee shall serve as chairperson of the Committee and shall convene the meetings of the Committee. The Secretary of Transportation and a representative of a community based organization involved in transportation or their designees, shall serve as co-vice-chairpersons and shall be responsible for staff support for the committee.

Section 20. Duties of Committee. The Committee shall encourage the coordination of public and private transportation services, with priority given to services directed toward those populations who are currently not served or who are underserved by existing public transit.

The Committee shall seek innovative approaches to providing and funding local transportation services and offer their expertise to communities statewide. Specifically, the Committee shall:

(1) Coordinate a State process within federal guidelines to facilitate coordination of community-based transportation programs. This process should include: developing objectives for providing essential transportation services to the transportation disadvantaged; providing technical assistance to communities that are addressing transportation gaps that affect low-income populations; developing a process for requesting federal funds such as the Job Access and Reverse Commute (JARC) Grant program that is based on input from communities statewide; assisting communities in identifying funds from other available sources for projects that are not an eligible use of JARC funds; and developing a plan to identify and recruit potential stakeholders in future community transportation initiatives to the committee.

(2) Develop goals and objectives to reduce duplication of services and achieve coverage that is as complete as possible.

(3) Serve as a clearinghouse for information about funding sources and innovations in serving the transportation disadvantaged.

(4) Submit a report, not later than February 1, 2006, to the Governor and the General Assembly that outlines the progress made by the Committee in performing its duties set forth in paragraphs (1) through (4) of this Section and makes recommendations for statutory and regulatory changes to promote coordination.

AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 2905 by replacing everything after the enacting clause with the following:

"Section 5. The Property Tax Code is amended by changing Sections 21-15, 21-20, and 21-25 as follows:

(35 ILCS 200/21-15)

Sec. 21-15. General tax due dates; default by mortgage lender. Except as otherwise provided in this Section or Section 21-40, all property upon which the first installment of taxes remains unpaid on June 1 annually shall be deemed delinquent and shall bear interest after June 1 at the rate of 1 1/2% per month or portion thereof. Except as otherwise provided in this Section or Section 21-40, all property upon which the second installment of taxes remains due and unpaid on September 1, annually, shall be deemed delinquent and shall bear interest after September 1 at the same interest rate. All interest collected shall be paid into the general fund of the county. Payment received by mail and postmarked on or before the required due date is not delinquent.

Property not subject to the interest charge in Section 9-265 shall also not be subject to the interest charge imposed by this Section until such time as the owner of the property receives actual notice of and is billed for the principal amount of back taxes due and owing.

If an Illinois resident who is a member of the Illinois National Guard or a reserve component of the armed forces of the United States and who has an ownership interest in property taxed under this Act is called to active duty for deployment outside the continental United States and is on active duty on the due date of any installment of taxes due under this Act, he or she shall not be deemed delinquent in the payment of the installment and no interest shall accrue or be charged as a penalty on the installment until one year 30 days after that member returns from active duty. To be deemed not delinquent in the payment of an installment of taxes and any interest on that installment, the reservist or guardsperson must notify the county clerk within 30 days after his or her deactivation and provide verification of the date of his or her deactivation. An installment of property taxes on the property of any reservist or guardsperson who fails to provide timely notice and verification of deactivation to the county clerk is subject to interest and penalties as delinquent taxes under this Code from the date of deactivation.

Notwithstanding any other provision of law, when any unpaid taxes become delinquent under this Section through the fault of the mortgage lender, (i) the interest assessed under this Section for delinquent taxes shall be charged against the mortgage lender and not the mortgagor and (ii) the mortgage lender shall pay the taxes, redeem the property and take all necessary steps to remove any liens accruing against the property because of the delinquency. In the event that more than one entity meets the definition of mortgage lender with respect to any mortgage, the interest shall be assessed against the mortgage lender

responsible for servicing the mortgage. Unpaid taxes shall be deemed delinquent through the fault of the mortgage lender only if: (a) the mortgage lender has received all payments due the mortgage lender for the property being taxed under the written terms of the mortgage or promissory note secured by the mortgage, (b) the mortgage lender holds funds in escrow to pay the taxes, and (c) the funds are sufficient to pay the taxes after deducting all amounts reasonably anticipated to become due for all hazard insurance premiums and mortgage insurance premiums and any other assessments to be paid from the escrow under the terms of the mortgage. For purposes of this Section, an amount is reasonably anticipated to become due if it is payable within 12 months from the time of determining the sufficiency of funds held in escrow. Unpaid taxes shall not be deemed delinquent through the fault of the mortgage lender if the mortgage lender was directed in writing by the mortgagor not to pay the property taxes, or if the failure to pay the taxes when due resulted from inadequate or inaccurate parcel information provided by the mortgagor, a title or abstract company, or by the agency or unit of government assessing the tax. (35 ILCS 200/21-20)

Sec. 21-20. Due dates; accelerated billing in counties of less than 3,000,000. Except as otherwise provided in Section 21-40, in counties with less than 3,000,000 inhabitants in which the accelerated method of billing and paying taxes provided for in Section 21-30 is in effect, the estimated first installment of unpaid taxes shall be deemed delinquent and shall bear interest after a date not later than June 1 annually as provided for in the ordinance or resolution of the county board adopting the accelerated method, at the rate of 1 1/2% per month or portion thereof until paid or forfeited. The second installment of unpaid taxes shall be deemed delinquent and shall bear interest after August 1 annually at the same interest rate until paid or forfeited. Payment received by mail and postmarked on or before the required due date is not delinquent.

If an Illinois resident who is a member of the Illinois National Guard or a reserve component of the armed forces of the United States and who has an ownership interest in property taxed under this Act is called to active duty for deployment outside the continental United States and is on active duty on the due date of any installment of taxes due under this Act, he or she shall not be deemed delinquent in the payment of the installment and no interest shall accrue or be charged as a penalty on the installment until one year 30 days after that member returns from active duty. To be deemed not delinquent in the payment of an installment of taxes and any interest on that installment, the reservist or guardsperson must notify the county clerk within 30 days after his or her deactivation and provide verification of the date of his or her deactivation. An installment of property taxes on the property of any reservist or guardsperson who fails to provide timely notice and verification of deactivation to the county clerk is subject to interest and penalties as delinquent taxes under this Code from the date of deactivation. (35 ILCS 200/21-25)

Except as hereinafter provided and as provided in Section 21-40, in counties with 3,000,000 or more inhabitants in which the accelerated method of billing and paying taxes provided for in Section 21-30 is in effect, the estimated first installment of unpaid taxes shall be deemed delinquent and shall bear interest after March 1 at the rate of 1 1/2% per month or portion thereof until paid or forfeited. The second installment of unpaid taxes shall be deemed delinquent and shall bear interest after August 1 annually at the same interest rate until paid or forfeited.

If the county board elects by ordinance adopted prior to July 1 of a levy year to provide for taxes to be paid in 4 installments, each installment for that levy year and each subsequent year shall be deemed delinquent and shall begin to bear interest 30 days after the date specified by the ordinance for mailing bills, at the rate of 1 1/2% per month or portion thereof, until paid or forfeited.

Payment received by mail and postmarked on or before the required due date is not delinquent.

Taxes levied on homestead property in which a member of the National Guard or reserves of the armed forces of the United States who was called to active duty on or after August 1, 1990, and who has an ownership interest, shall not be deemed delinquent and no interest shall accrue or be charged as a penalty on such taxes due and payable in 1991 or 1992 until one year after that member returns to civilian status.

If an Illinois resident who is a member of the Illinois National Guard or a reserve component of the armed forces of the United States and who has an ownership interest in property taxed under this Act is called to active duty for deployment outside the continental United States and is on active duty on the due date of any installment of taxes due under this Act, he or she shall not be deemed delinquent in the payment of the installment and no interest shall accrue or be charged as a penalty on the installment until one year 30 days after that member returns to civilian status. To be deemed not delinquent in the payment of an

installment of taxes and any interest on that installment, the reservist or guardsperson must notify the county clerk within 30 days after his or her deactivation and provide verification of the date of his or her deactivation. An installment of property taxes on the property of any reservist or guardsperson who fails to provide timely notice and verification of deactivation to the county clerk is subject to interest and penalties as delinquent taxes under this Code from the date of deactivation. HOUSE BILL 3021. Having been printed, was taken up and read by title a second time.

AMENDMENT NO. 1

AMENDMENT NO. 1. Amend House Bill 3021 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Public Aid Code is amended by changing Section 4-2 as follows:

(305 ILCS 5/4-2) (from Ch. 23, par. 4-2)

Sec. 4-2. Amount of aid. (a) The amount and nature of financial aid shall be determined in

accordance with the grant amounts, rules and regulations of the Illinois Department. Due regard shall be given to the self-sufficiency requirements of the family and to the income, money contributions and other support and resources available, from whatever source. However, the amount and nature of any financial aid is not affected by the payment of any grant under the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act" or any distributions or items of income described under subparagraph (X) of paragraph (2) of subsection (a) of Section 203 of the Illinois Income Tax Act. The aid shall be sufficient, when added to all other income, money contributions and support to provide the family with a grant in the amount established by Department regulation.

(b) The Illinois Department may conduct special projects, which may be known as Grant Diversion Projects, under which recipients of financial aid under this Article are placed in jobs and their grants are diverted to the employer who in turn makes payments to the recipients in the form of salary or other employment benefits. The Illinois Department shall by rule specify the terms and conditions of such Grant Diversion Projects. Such projects shall take into consideration and be coordinated with the programs administered under the Illinois Emergency Employment Development Act.

(c) The amount and nature of the financial aid for a child requiring care outside his own home shall be determined in accordance with the rules and regulations of the Illinois Department, with due regard to the needs and requirements of the child in the foster home or institution in which he has been placed.

(d) If the Department establishes grants for family units consisting exclusively of a pregnant woman with no dependent child or including her husband if living with her, the grant amount for such a unit shall be equal to the grant amount for an assistance unit consisting of one adult, or 2 persons if the husband is included. Other than as herein described, an unborn child shall not be counted in determining the size of an assistance unit or for calculating grants.

Payments for basic maintenance requirements of a child or children and the relative with whom the child or children are living shall be prescribed, by rule, by the Illinois Department.

Grants under this Article shall not be supplemented by General Assistance provided under Article VI.

(e) Grants shall be paid to the parent or other person with whom the child or children are living, except for such amount as is paid in behalf of the child or his parent or other relative to other persons or agencies pursuant to this Code or the rules and regulations of the Illinois Department.

(f) ~~(Blank). An assistance unit, receiving financial aid under this Article or temporarily ineligible to receive aid under this Article under a penalty imposed by the Illinois Department for failure to comply with the eligibility requirements or that voluntarily requests termination of financial assistance under this Article and becomes subsequently eligible for assistance within 9 months, shall not receive any increase in the amount of aid solely on account of the birth of a child; except that an increase is not prohibited when the birth is (i) of a child of a pregnant woman who became eligible for aid under this Article during the pregnancy, or (ii) of a child born within 10 months after the date of implementation of this subsection, or (iii) of a child conceived after a family became ineligible for assistance due to income or marriage and at least 3 months of ineligibility expired before any reapplication for assistance. This subsection does not, however, prevent a unit from receiving a general increase in the amount of aid that is provided to all recipients of aid under this Article.~~

~~The Illinois Department is authorized to transfer funds, and shall use any budgetary savings attributable to not increasing the grants due to the births of additional children, to supplement existing funding for employment and training services for recipients of aid under this Article IV. The Illinois Department shall target, to the extent the supplemental funding allows, employment and training services to the families who do not receive a grant increase after the birth of a child. In addition, the Illinois Department shall provide, to the extent the supplemental funding allows, such families with up to 24 months of transitional child care pursuant to Illinois Department rules. All remaining supplemental funds shall be used for employment and training services or transitional child care support.~~

~~In making the transfers authorized by this subsection, the Illinois Department shall first determine, pursuant to regulations adopted by the Illinois Department for this purpose, the amount of savings attributable to not increasing the grants due to the births of additional children. Transfers may be made from General Revenue Fund appropriations for distributive purposes authorized by Article IV of this Code only to General Revenue Fund appropriations for employability development services including operating and administrative costs and related distributive purposes under Article IXA of this Code. The Director, with the approval of the Governor, shall certify the amount and affected line item appropriations to the State Comptroller.~~

~~Nothing in this subsection shall be construed to prohibit the Illinois Department from using funds under this Article IV to provide assistance in the form of vouchers that may be used to pay for goods and services~~

~~deemed by the Illinois Department, by rule, as suitable for the care of the child such as diapers, clothing, school supplies, and cribs.~~

(g) (Blank).

(h) Notwithstanding any other provision of this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants under this Article after December 31 of any fiscal year if the Illinois Department determines that the caseload upon which the appropriations for the current fiscal year are based have increased by more than 5% and the appropriation is not sufficient to ensure that cash benefits under this Article do not exceed the amounts appropriated for those cash benefits. Reductions in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. Increases in payment levels shall be accomplished only in accordance with Section 5-40 of the Illinois Administrative Procedure Act. Before any rule to increase payment levels promulgated under this Section shall become effective, a joint resolution approving the rule must be adopted by a roll call vote by a majority of the members elected to each chamber of the General Assembly.
